

**Medical Home Stakeholders Pilot Projects Sub-Group
October 24, 2008
Minutes**

KHPA Staff Participants

Dr. Barb Langner
Effie Swanson
Dustin Moyer
Shanelle Dupree

Introductions and Review of Handouts

- Dr. Langner welcomed the participants and introductions were made. The handouts were reviewed, including data summarizing high-cost indicators in Kansas Medicaid and the State Employee Health Benefits plan, and a summary of how other states are operationalizing the medical home concept in their Medicaid programs.

Discussion of Potential Pilot Projects

- Participants discussed the design of potential pilot projects for the medical home model. Ideas were shared for how to select practices to participate in the pilots, which types of practices should be included, and how to measure the medical home characteristics of the practices. There was also discussion of what types of training or assistance should be provided to support the pilot practices during the study period.

Adjournment

- Dr. Langner thanked participants for their attendance and the meeting was adjourned. The all-Medical Home Stakeholders group will meet November 19 from 1:00-3:00 p.m. in the fourth floor auditorium of the Eisenhower State Office Building.
